

Katriana von Windheim/Silas (7yo Hanoverian gelding) - Katriana is a current graduate student who has been riding since she was 6 years old and training with her father in dressage since she was 12. After training another horse to regional Jr/YR 1st Level champion in 2016 they decided to try training a young horse. She got Silas at a young horse auction in Germany when he was 4. Over the past 3 years they have focused on the fundamentals of dressage and establishing strength, balance, and flexibility in their riding. With COVID and such a young horse she decided to take a step back from showing but is now hoping to begin to moving towards higher level movements through clinics and showing.

Carlie Jo Lindsey/Midway Stretch (17yo Thoroughbred gelding) - I've been riding since I was 4 and have mostly done eventing. I switched over completely to dressage about a year ago and it has been the best decision for me and my horse. We have connected a lot more and I have a goal to get my bronze metal over the next couple years.

Serina Tart/Rock Royale (9yo Oldenburg gelding) - Serina is an adult amateur owner and rider from Roseboro, NC. She grew up riding hunters and rode on the UNC equestrian team while attending college and pharmacy school in Chapel Hill. Serina was introduced to dressage during her time in Chapel Hill and purchased her first dressage partner after graduation. Working with some of the great dressage trainers in NC, Serina trained and showed through Prix St George before retiring her mount at the age of 20. Over the past 2 years, Serina has enjoyed developing a relationship with her new horse Rock Royale. Serina lives with her husband and two daughters on their farm in Roseboro.

Allison Sandifer/Uptoheavnnbakagain "Baron" (15yo TB gelding) - I'm an adult amateur that has recently transitioned from eventing to dressage. I enjoy the challenge furthering my education with my longtime partner "Baron". I'm from Atlanta and enjoyed low level evening through my teens before college where I learned to play polo at Colorado State University. Once in NC, I found Baron as a 3yo at the Penn National Racetrack. Baron loves to work and was the top Thoroughbred in Area II at Training level eventing in 2019 before I transitioned to dressage where I earned my USDF Bronze from the spring of 2020 to the spring of 2021. I never expected that I would enjoy dressage so

much, but the people I have met are my new family. I absolutely love it!
